

# KHRISTOPHER BEN B. MANILLA

Fourth-Year Computer Science Student | Software Engineering Intern

Cavite, Philippines | (+63) 917 100 7019 | kbmanilla06@gmail.com | github.com/kbmanilla06 | linkedin.com/in/khristopher-ben-manilla-b875181b6

---

## PROFILE

Fourth-year Computer Science student and software engineering intern building secure, AI-enabled full-stack applications. Experienced in translating requirements into documented systems using React, TypeScript, Laravel, Python, and PostgreSQL, with automated testing, application security, and practical machine-learning workflows.

## EXPERIENCE

**Software Engineering Intern** | StartupLab Business Center & AI Consulting Services OPC | 2026-Present

- Translated stakeholder requirements into TimeForge workflows for time tracking, approvals, KPIs, payroll preparation, reporting, onboarding, and auditable AI insights.
- Implemented a React/TypeScript and Laravel architecture with PostgreSQL, four server-enforced roles, protected attachments, and rate-limited authentication flows.
- Established 397 automated tests and produced setup, deployment, backup, database, QA, and role-based user documentation.

## PROJECTS

**TimeForge** | React, TypeScript, Laravel, PostgreSQL, Docker

- Built a workforce performance platform with 211 backend and 186 frontend tests, an 80-commit sprint history, GitHub Actions, and operational runbooks.

**Customer Churn Prediction** | Python, Scikit-learn, XGBoost, Streamlit

- Designed an end-to-end three-model ML workflow with SMOTE inside cross-validation to prevent leakage and held-out precision, recall, F1, and ROC-AUC evaluation.

**NLTKBot** | Python, NLTK, Flask | Four-person academic project

- Contributed to a 38-intent chatbot using four-pass matching, VADER sentiment, POS tagging, lemmatization, and a Flask API.

## TECHNICAL SKILLS

**Languages:** TypeScript, JavaScript, PHP, Python, SQL

**Frameworks:** React, Laravel, Next.js, Flask, Streamlit

**Data & ML:** PostgreSQL, Scikit-learn, XGBoost, NLTK

**Engineering:** REST APIs, RBAC, automated testing, application security, Docker, GitHub Actions, documentation

## EDUCATION

**Bachelor of Science in Computer Science** | 2023-Present

Lyceum of the Philippines University - Cavite, General Trias, Cavite

**Academic Honor:** Dean's List Awardee for three consecutive academic years (2023-2026)

## CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Networking Basics - Cisco Networking Academy (Credly digital badge, May 2026)
- Introduction to Modern AI - Cisco Networking Academy (Credly digital badge, Feb 2026)
- Python Essentials 1 & 2 - Cisco Networking Academy (Credly digital badges, Jan & Jun 2024)
- IoT Bootcamp - ACube Technologies Inc. (Certificate of Participation)
